DIVIDEND Paying Oil and Mining Stocks,

Other high grade oil and mining stocks and bonds for sale. OILS, well No. 12, Lucas 7, has been flowing in during the month as it will yield to any on the lease and is now a good producer. Well No. 12, Lucas 7, has been drilled and is flowing well. This makes it well independent of No. 12 on lease or, owned by the four companies, drilled without a single "dry hole".

The four Oils Oil Companies owning the above wells have returned to stock holders during the year in monthly dividends, the sum of \$200,000, against an actual investment in property and development of approximately \$600,000, with a handsome surplus yet remaining in their profit fund for extra dividends, subject to the action of the stockholders at their annual meetings to be held in January.

Withdrawal of oil stocks: The stock of the four companies have been entirely withdrawn from the market. An announcement will probably be made no later than January 15, of the entire withdrawal from the market of the stock of the Interstate Oils Petroleum Co., which will begin dividends in January at the same rate as the other four Oils Petroleum Companies. This Company has demonstrated by its four wells already brought in that it has been earning capacity, with development, equal if not in excess of the four Oils Petroleum Companies first operating in the Harbottle district, and it has a surplus in its profit fund of practically \$200,000 at the present time available for dividends. Any customer desiring to secure this stock will have to send in their subscription prior to the date of withdrawal.

The Interstate Oils Petroleum Co. now has in its profit fund approximately \$1,000, against an investment in the property and development of more than \$2,000,000, which as this is a remarkable record for the Oils properties for 1905.

HUNTING SOFT SNAPS.

Appropriation of \$35,000 For
Western Asylum is
Passed.

Frankfort, Ky., Feb. 1.—Every public institution, and State office in the State is to undergo a thorough investigation, according to a resolution which was adopted in the House this morning. The object of the investigation is to ascertain if some of the offices are not sinecures and can not be dispensed with, and if some of the salaries paid are not exorbitant.

The resolution was offered by Mr. Barry and was adopted almost unanimously.

IN THE SENATE.

Senator George Hickman, who at the beginning of the session was elected President pro tem, of the Kentucky Senate, is presiding over

DR. MILTON BOARD,
Superintendent of the Western Kentucky Asylum for the Insane.

the deliberations of the body, and to-day is the actual Governor of the State for a day, Lieutenant Gov. Thorne having gone to Chicago to attend the national conference on life insurance and Gov. is Beckham also attending this important gathering of officials of the several states.

Senator Conn Linn called up his bill authorizing the fiscal courts of counties to select whatever day they please to award annual road contracts, and it was adopted without dissent.

The committee bill appropriating \$35,000 for the Hopkinsville asylum was next considered and adopted.

The Shaodon measure providing for the appointment by the Governor of railroad police was called up and adopted.

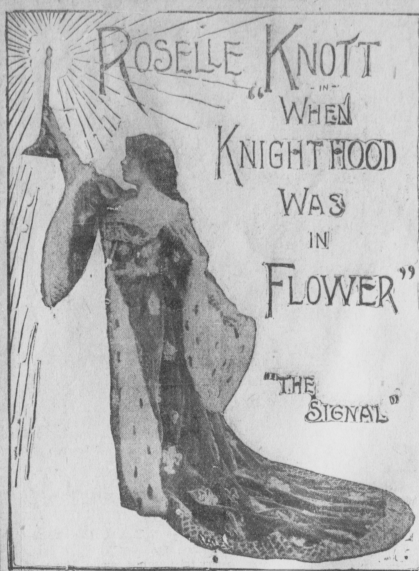

THREE MILLIONS

Added to the Capital Stock
of Cumberland Co.

At the annual meeting of the stockholders of the Cumberland Telephone and Telegraph Company, held in this city Thursday, which is the legal headquarters of the company, James E. Caldwell, of Nashville, president and general manager, Leland Hume, of Nashville, assistant general manager and secretary, and Col. C. A. Sharp, of Atlanta, a director, were present, representing by their own shares and by proxies a majority of the stockholders.

Aside from the transaction of routine business, an increase of \$3,300,000 of stock was voted, making the company's capital stock \$17,000,000. The proceeds of this new stock will be used for an extension of the system, and the company is arranging to build at Nashville at a cost of \$300,000, a plant to manufacture everything the company uses.

The reports made show a net gain of 19,000 subscribers last year. The directors held another meeting in Nashville yesterday.

This superb production will be seen at the Opera House Monday night.

\$22,944.56

Amount of Deposits at the
New Bank on Opening
Day.

The officials of the Commercial and Savings Bank were wearing great big smiles Thursday evening. The new institution opened its doors to the public at the first stroke of 9 o'clock. From that hour to 3 o'clock depositors were dropping in regularly. The footing up showed that \$22,944.56 had been deposited.

This is certainly a fine beginning, more, by far, than might have been expected by the most sanguine. Mr. Branton, the cashier, says he hardly had time to breathe, as in order to open on the day advertised he had not had sufficient time to arrange things so as to wait on the people as he would like to have done.

There were numerous callers during the day, who just dropped in to extend their congratulations and take a look at the handsome quarters of the new banking institution. Mr. James West, the President, was on hand to give his many friends a welcome and impress on them the wisdom of doing their banking with him in the future. The head bookkeeper, Mr. William B. Neely, one of the most popular and competent young men of the city, also assisted in making everybody feel welcome so far as time would permit.

There were no flowers, souvenirs or music, but everything looked bright and cheery, like the morning that ushered in the existence of another financial concern that will, no doubt, be of lasting good to the people of Hopkinsville and the surrounding country.

The gentlemen who are to manage the business and the Directors extend a cordial invitation to everybody to visit the bank at any time and go through it and see what a wonderful change has been wrought in "The Old Phoenix Corner." Mr. W. T. Cooper, vice President of the bank, has disregarded expense in making the home of the bank one of the most comfortable and convenient and has been tireless in his efforts in getting men of means and influence to take stock in the concern. On the opening day he most graciously assisted in "receiving" callers, and it is with pride he sees the new concern started out on a career of usefulness.

Dr. P. E. West, one of the Directors and Messrs. Walter Shaw and Fritz Fallenstein assisted in doing the honors of the day, and by their courtesy and tireless efforts made things agreeable to all visitors with whom they were brought in contact.

The people will watch the young giant get out and stretch himself over the city and county and "pull" for the business which the officers expect to induce their way. With such an auspicious opening day they seem to have reason for believing in the success of their venture.

STORAGE HOUSE

To Be Built in Cadiz By Tobacco Association.

At a meeting in Cadiz this week it was decided to erect a warehouse and storage building at that place to be used by the Dark Tobacco Association for the purpose of storing tobacco of said association after it is prized. A report showed that 182 shares of stock, at \$10 a share, had already been taken and it was agreed that the body be incorporated under the laws of Kentucky under the name of the Cadiz Warehouse & Storage Co., with a capital stock of \$3,000, to be divided into 300 shares of \$10 each. Articles were adopted and filed for record and certified to the Secretary of State. The following gentlemen were elected as directors: N. E. Nabbs, F. T. Street, G. L. Cunningham, Enoch Lester and C. R. Wadlington. D. L. Grinter was chosen secretary and J. W. McKinney treasurer. A deal has been closed for a lot near the depot and work will begin at once. The building is to be 220 feet long by 100 feet wide and is to be completed not later than May 1.

MRS. MCCORMICK DEAD.

Attack of Pneumonia Proves
Fatal in Few Days.

Mrs. Nannie McCormick, wife of Mr. W. E. McCormick, died at 5 o'clock yesterday morning at her home, No. 510 North Clay street. She had not been in good health for some time, and was attacked with pneumonia nine days ago.

Mrs. McCormick was forty years old and is survived by her husband and one child, a son ten years old. Deceased was a native of Todd county and was a daughter of Dr. William Prewitt, of Elkton. She was a member of the Methodist church. Funeral services will be held at the Methodist church this afternoon and the interments will take place in Hopewell cemetery.

WHAT'S THE MATTER?

Test To Be Made of Christian
County Soil.

Mr. J. B. Walker is to send samples of Christian county soil to the Experimental station at Lexington. The samples will be analyzed by State Chemist Dr. Alfred M. Peters, with the view of ascertaining what is needed in our soil for the successful growth of clover. Samples are to be from eight different farms, the samples to be taken from ten different parts of the field. It has long been a question among many of our largest farmers as to why their soil did not produce clover as abundantly as other crops.

COMMERCIAL CLUB MEETS.

Election of Secretary Left
to The Executive
Committee.

J. A. YOUNG TREASURE.

Well Attended Meeting And
Interest Showed No
Diminution.

The Commercial Club met at the City Court Room Thursday night at 7:30 o'clock, with Vice President F. W. Dabney in the chair.

There were about 50 members present and a spirit of harmony prevailed.

Mr. M. L. Elb moved that the election of a secretary to be delegated to the Executive Committee of nine members chosen at the organization meeting. There was no discussion and the motion prevailed by general acquiescence.

The executive Committee is composed of Vice President F. W. Dabney, M. C. Forbes, J. H. Anderson, E. B. Bassett, W. T. Tandy, J. E. McPherson, Geo. D. Dalton, J. T. Wall, and James West.

The election of a treasurer was ordered by private ballot, Jas. A. and H. L. McPherson were nominated in the election of Mr. Young.

After some other minor matters were discussed, the club adjourned.

THE GRO UND HOG

Scampered Back to His
Home.

Yesterday morning the sun rose bright and not a cloud to be seen. The ground hog is supposed to have ventured out on a reconnaissance, and seeing his shadow made a dash for his winter quarters and will hibernate for forty more days. If the winter continues to be no colder Mr. Ground Hog's forecast will not be dreaded by the people. Such a winter so far has never been experienced by "the oldest inhabitant."

The Weather.

For Kentucky: Saturday fair and warmer.

Claude A. Swanson, who began public life as a member of the Fifty-third Congress and had been re-elected to every Congress since, was inaugurated Governor of Virginia Thursday.

There will probably be in effect after "Home Coming Week" in Louisville, June 13 to 17, a rate of one cent per mile for former Kentuckians who attend the "Home Coming Week" and relatives out in the State.

Mayor Bookwalter, of Indianapolis, says he was offered \$25,000 five years ago, by Lawyer Tom Campbell, if he would let Bill Taylor be kidnapped. The proposition made him so indignant that he left the room and remained speechless for several years after Col. Campbell's death.

James Weir, the aged Owensboro lawyer and banker, died this week, aged 85 years. He was born in Greenville, Ky., in 1821 and in 1846 wrote a book called "Lanz Powers" which dealt with the career of Alonzo Pennington, who was hanged here in 1846.

The court of appeals has ruled that, under decisions of the United States supreme court, national banks doing business in Kentucky are entitled to have deducted from their capital stock the amount of United States securities they hold, as being nontaxable, in arriving at the value of their stock for the purposes of taxation.

The court of appeals has decided in a case from Eminence that it is "double taxation" for a city to impose a license on a telephone company that has purchased a franchise from the city. The inference is that a company that has not paid for a franchise may be required to pay a license.

The place originally created as a special honor to a great soldier is now being passed around to a different one of our paper soldiers every few months. Gen. Chaffee has been retired and Gen. Jno. C. Bates has been nominated to succeed him as Lieutenant General.

READ THIS!

Hopkinsville, Ky., June 7th, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I suffered ten years with severe kidney and bladder troubles and at times was unable to work. I was advised to try your Texas Wonder, and after using the fourth of one bottle, I passed a large gravel, and I have never suffered since passing the same, three years ago. I have recommended it to many others, who report themselves cured. I most heartily recommend it to all sufferers from kidney and bladder diseases.
SAM DEAN.

A Texas Wonder.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, discharges, neuralgias, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in men and women and regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonial. Sold by all druggists and R. C. Hardwick, Hopkinsville.

The settings of Kane, Shipman and Colvin's great production of "When Knighthood Was In Flower," five in number, are gorgeously handsome and appropriate; the characters striking and handsomely costumed in the Tudor style, and there is much to charm the ear and satisfy the eye about the play. Yet, after all, Roselle Knott as "Mary Tudor" permeates the entire substance so completely that she becomes more than the Hamlet of the piece. She is the Hamlet, Ophelia, Polonius and almost all compressed into one central figure. A creature of many contradictions yet radiant in the grace and power of true womanhood, this daughter of a line of kings, a woman more profound than Rosalind, more real than Juliet and altogether splendid in her possibilities, is the alpha and omega of the play which Paul Kester has drawn with great art from the story which Charles Major wrote one time in Indiana.

An almost forgotten fact in the life of Mary Tudor, Duchess of Suffolk, is that she was the grand-

mother of the ill-fated Lady Jane Gray, who was nine days queen of England. The Princess Mary Tudor's marriage to Charles Brandon, the Suffolk squire whom King Henry the Eighth made Duke of Suffolk, was a prolific one, and her daughter Frances, like her sisters, married one of the most powerful noblemen in England. He was Henry Gray, Earl of Dorset, and father of Lady Jane. Had Jane been content with the simple routine of country life there is no doubt she would have saved her head and lived to a good old age, as did her grandmother, who was the happy wife of Brandon for over twenty years. Of course, Roselle Knott depicts Mary Tudor in Kane, Shipman and Colvin's great production of "When Knighthood Was In Flower," as she was in her early youth, but it is nevertheless interesting to know that after all her sorrows, sacrifices and adventures she was rewarded with more than the average share of peace and contentment.

PERRY-GRACEY.

Prominent Young People of Clarksville Marry.

Mr. Howard M. Perry and Miss Hope Irene Gracey, of Clarksville, were married Wednesday night. The groom is a leading young business man of Clarksville, and since its organization has been the manager of the Home Telephone Company of that place. His bride is the second daughter of Mr. Julien P. Gracey and is one among the most popular young women of Clarksville.

Messrs. Brown Whitlow and U. S. Weddridge, of this city, were groomsmen.

The young people were the recipients of a magnificent array of valuable wedding presents.

Mr. Perry and his bride left at 11 o'clock the same night by a special train for Guthrie, where they took the Chicago and Florida limited for New Orleans, to spend the honeymoon.

BECAME CHAMBERMAID.

Louisville, Feb. 1.—Miss Laura Davidson, the Mayfield, Ky., girl who disappeared from the Sue Bennett Memorial school at London five days ago, has been found in this city. She is employed as a chambermaid at the Louisville Hotel. She informed her aunt, Mrs. Belle Chester today of her whereabouts.

The girl told her aunt she left school because she could not keep up with her class in arithmetic. She said the work in the hotel is too rough.

We want you to list your property with us, if you want to sell or rent it. We lead all others, having sold five pieces of city property and one farm in ten days. Why not let us handle yours? Give us a trial.

PADUCAH WINS

For Storage of Dark Association Tobacco.

The farmers' association and the Dark Tobacco association have arranged to store tobacco in Paducah. C. Z. Graham & Co. have secured the contract for storing tobacco of the Dark Tobacco association, which means about 5,000 hogheads a year. With the storage of the Farmers' association it will mean that several thousand hogheads of tobacco will be stored there. Two new large brick warehouses are being built.

\$5000 Warehouse for Trenton

Trenton, Ky., is to have a big tobacco warehouse and storage company. Articles were filed last week with the county clerk. The capital stock is \$5,000, divided into shares of \$10 each. The incorporators are J. C. Mims, J. S. Dickinson, G. E. Garth, Jr., E. F. Camp and Russell Hogan.

Clarksville's First Sale.

The association made the first sale of the 1905 crop of tobacco Thursday afternoon under unusual circumstances. Two hogheads were ordered by cablegram Thursday morning for instant shipment to New Orleans and were sent off by express Thursday night. They reached New Orleans at 11:30 Friday morning and were loaded on a vessel for shipment to a foreign country. The express charges were \$3 per hundred pounds, a total for the two hogheads of \$103.20. John Rudolph was the buyer and the tobacco was a medium bright leaf from Calloway county, Ky., and brought \$9 and \$10 per hundred. This is the first time a hoghead of tobacco was ever shipped out of Clarksville by express and goes to show that the association controls the situation and is prepared to deliver the goods.

TOUR EUROPE FREE.

The Courier-Journal To Take Nineteen Young Women Abroad as its Guests.

The Courier-Journal is conducting a popularity contest that eclipses anything of the kind ever promoted in this section. Briefly, the Courier-Journal proposes to take on a seven weeks' tour abroad nineteen young women from Kentucky and Southern Indiana, all expenses paid, from the day the party leaves Louisville, July 12, until it returns to "The Old Kentucky Home," August 29. To give all a chance the Courier-Journal has divided Louisville and Kentucky and Southern Indiana into eighteen districts, and the most popular young woman from each district is to be the one to make the tour. The nineteen young women is to be selected in another way. Readers of the Courier-Journal are to select the guests for the paper, by ballot, it is estimated that the trip alone will cost the Courier-Journal about 15,000, to say nothing of incidental and other necessary expenses. There may be a young woman from this section who is a candidate for this tour. Write the Courier-Journal, Louisville, Ky., for a list of candidates and full details of this tour.

FARMERS BUSY.

Great Activity In Preparing For Next Tobacco Crop.

Howell, Ky., Feb. 2.—Items of interest have been scarce with us since the first of the year.

The farmers are busy and have lost but little time this month.

One can see smoke rising from burning plant beds any way he looks this week.

Miss Janie Moss, of Tenn., is visiting the family of Mr. W. T. Major, the R. F. D. carrier.

Messrs. O. M. Wilson and Geo. W. McKnight spent today hunting in Tenn.

The Garrettsburg public school has closed and the teacher, Miss Nellie Meacham, has returned to her home in your city. She expects to begin the spring term in March.

Madame Rumor is making us believe that a wedding is to take place with us soon between two prominent people.

Mr. Geo. Murray and Miss Issie Hostler were united in the bonds of wedlock at Noah's Spring, Tenn. They made good their escape while her father was away.

Mr. Landon Haynes, of Tenn., visited his brother, Dr. Haynes, last Sunday. He has just recovered from a severe spell of sickness.

Mr. Morton Embry has accepted a position with merchant J. F. Dixon for the ensuing year. He is a brother of Mr. Robt. Embry of your city, who is in the hardware department at Forbes.

The host of friends of Mr. J. J. C. McKnight will regret to hear that he has lost his eyesight entirely.

It is announced that Dr. J. C. Bow, of Louisville, will preach at the Baptist church the coming second Sunday.

Mr. W. W. Radford is on a business trip to Guthrie in the interest of the tobacco organization.

This community is almost solid for the organization.

St. Louis Live Stock Market.

(Special Correspondence.)
National Stock Yards, Ill., Jan. 31, 1906.—Although receipts of cattle are only liberal this week the proportion of fed Texans is much larger, which, with the unseasonably warm weather, has materially affected all grades of native killing cattle, prices being generally 10 cents lower than the close of last week. Stockers and feeders are in strong demand at slightly stronger prices. We quote good to choice beef steers \$5.00 to \$5.60; medium to good \$4.35 to \$4.90; common to medium \$3.75 to \$4.25, and inferior grades \$3.00 to \$3.65. Butcher cattle are slow sale, good to choice heifers bringing \$4.00 to \$4.50; medium to good \$3.85 to \$4.00; choice cows \$3.65 to \$4.25; medium grades \$2.75 to \$3.50; canners \$1.75 to \$2.35, and the bulk of the bulls \$3.00 to \$3.75. Fair to good feeding steers are selling at \$3.25 to \$4.00.

Under pretty heavy receipts hogs show a slight advance for the week, the top yesterday being \$5.00 and quite a number at \$5.55. Good lights sold strong but little pigs are heard to sell, lots of them going at \$4.00 to \$4.40 per cwt. The indications are for a good hog market. Receipts of sheep liberal, including few natives as the bulk of the receipts are western lambs and yearlings which are selling 15 to 25 lower than last week's close. Good native sheep are wanted at strong prices. Most of the western lambs sold \$6.75 \$7.00 per cwt.; yearlings \$5.75 to \$6.00; fat mutton sheep \$5.50 to \$6.00; stockers \$3.50 to \$4.00 and bucks around \$4.00 per cwt.

Local Leaflets.

The farmers say that wheat is looking unusually well, and some are pasturing their light stock on it.

The high wind Thursday afternoon did not keep the ladies from attending the cut-rate sales. Nothing short of a cyclone could.

It will take a month for the contractors to level down the streets after the main pipes are all in. The work of leveling will begin in a few days.

It's all right from a business standpoint to tear up the streets—it shows progress. But, what the people want to see next is work going on preparatory for the proposed street cars.

The fellow who never subscribes for his town paper, but reads it when he can "sponge" on his neighbor, is the wise fellow who is always first to ask, "Why didn't you publish so and so?"

Marshall Field was worth over \$175,000,000, and yet he had no more than the poorest boy in Hopkinsville when he "started out" in the world. Take courage boys, and stop loafing.

The farmers are becoming very uneasy for fear they will not get to put up any ice this winter. Don't despair, for we haven't had any winter yet, and if February and March pass and we escape it will be a miracle sure enough.

At this time a year ago, it is said, we were having the coldest and most disagreeable weather of the winter. And, there's no telling, by this time to-morrow we may be experiencing the worst of this winter, and it wouldn't have to be so bad either.

Bowling Green baseball enthusiasts expect to have a fine club this year. "Spithill Schmitt," of Nashville, is to be captain and manager of the team. If Hopkinsville fans are going to do anything towards getting up a club it is about time to let it be known. How lonesome we will be next summer without base ball.

The Louisville Herald of Thursday said there were 20,000 widows guessing the answer to a joke in that paper of Wednesday. According to those figures every thirteenth person in Louisville is a widow. There's a good deal of guessing here as to who will take the European trip, but not much on a widow being the lucky one.

Somebody says that an electric railway will be built before long from here to Dawson Springs. That sounds mighty far off, but there's no telling what will happen. It must be a pipe dream—but why not lay a pipe line from here to Dawson and bring the waters to our doors? Certificates of stock are not low on the market.

Mercury Falls From Spring to Winter Temperature.

The government thermometer indicated 17 degrees above zero yesterday morning and a high north wind helped to make people believe it was a colder day than it really was. The cold wave was preceded by one day of weather that caused people to don their overcoats and wraps to keep comfortable when out doors. Mr. Randle says that thus far we have had one day nine degrees colder than yesterday.

All-Day Meeting.

There will be an all day meeting of the farmers of this county on the 2d Monday in February. This is the regular meeting of the county committee and its sessions will be open to all. LOOKING BACKWARD.

The Great Destructive Sleet of 1902 Recalled.

Four years ago Thursday last, the greatest sleet that was ever known in this section began to cover the earth. It continued to fall for twenty-four hours or more and nearly every section of the State suffered more or less. For three days streets and roads in this section were in such a condition that traffic was brought to a standstill. The city was one vast skating place. On Wednesday the public schools closed as it was not safe for the children to attempt to attend. The losses in the city were heavy. J. H. Anderson & Co., damage to goods, sustained a loss estimated at \$1,000; the Cumberland Telephone Co. \$400; the lobby of Hotel Latham was greatly damaged; trees were stripped of large limbs by the weight of the accumulated ice. Nothing like the sleet of 1902 has ever been known before or since.

On the morning of February 1st Clarksville awoke to find a conflagration raging that caused a loss of \$100,000.

On February 8th the great fire of Baltimore started and continued for two days and nights, \$40,000,000 worth of property being destroyed.

PERSONAL GOSSIP.

Mrs. Anna P. Dills is visiting in Nashville.

Mr. Lewis Waller, of Madisonville, spent Thursday in the city.

Mr. and Mrs. W. W. Fleming, of Herndon, were in town Wednesday, shopping.

Mr. E. B. Lindsay, the popular commercial traveler, spent yesterday in the city.

Mr. John Y. Owsley has gone to Louisville to accept a position with a large farming implement house.

Mrs. W. H. Cummings attended the Perry-Gracey wedding at Clarksville Wednesday.

Mrs. Trimble Wadlington, of St. Louis, spent yesterday here, enroute to Cadiz to visit relatives.

Messrs. Wm. J. Cross and Dan W. Clifton, of Pembroke, were in the city Thursday on business.

Miss Jennie Hooser has returned from a visit to relatives in Todd county.

Miss Mollie Davis Garnett, of Hopkinsville, has accepted a position as stenographer for L. N. Agent O. J. Smith.—Pembroke Journal.

Mr. John C. Latham, of New York, arrived in the city Thursday evening on a short visit to his mother.

Mrs. Thos. W. Long, of this city, and Mrs. Birdie Campbell, of Paducah, will spend the remainder of the winter in Southern California. They will leave next Wednesday for Redlands to visit Mrs. E. A. Stowe for awhile, after which they will visit other points, returning about the first of April.

EARLY FIRE.

Home On East Vine Street, With Furniture Destroyed

Thursday morning at 2:30 o'clock the fire department was called out by an alarm turned in from East Vine street. When the department reached the fire the house was about destroyed. All the contents were burned except the piano and a dresser. The house belonged to a colored man by the name of D. W. Berry. Berry was awakened by the smoke, and none to soon, for in a few minutes after the roof fell in. Reaching the danger to his wife and children, he lifted his sleeping wife from the bed, and rushed out of the room with her and then returned and carried out his little baby and aroused the other children, who escaped from the burning building just in time to save their lives. The building burned to the ground. Berry carried insurance on his house to the amount of \$300 and \$350 on his furniture. The fire is supposed to have originated from a defective flue.

Conversions and Reclamations Result of Methodist Revival.

Tonight closes the fourth week of the revival services at the Methodist church. Do not be misled by the word "close." At this writing no arrangement as to bringing the meetings to a close have been made. It is probable that announcement will be made Sunday morning or Sunday night as to what will be done.

Evangelist Davis, when he leaves here, will go direct to Jeffersonville, Ind., to begin a revival there, but as long as indications are favorable for future good he will remain here, though the people of Jeffersonville are growing impatient and urging him to go there. In fact, his engagement there antedated arrangements at this place.

In a conversation with one of the prominent men of the Methodist church yesterday he said that he believed it would be safe to put the number of conversions and reclamations thus far at 300. The membership of the church is now about 700, which is the largest of any congregation in the city.

SURPRISE WEDDING.

Judge Sandridge and Miss Caruthers Married.

Elkton, Ky., Feb. 1.—A surprise wedding occurred here to-day. The groom is Hon. W. P. Sandridge, Circuit Judge of this district, and a resident of Russellville, while the bride was Miss Marjorie Caruthers, daughter of Mrs. John O. Street. The wedding was solemnized at the early hour of 5:50 a.m. at the bride's home, only a few friends of the family being present. The couple left at once on a bridal trip to Chicago.

Suspects Arrested.

BIG MUSICAL

Tabernacle Benefit, Friday February 9th.

This promises to be one of the finest musical programs ever given in the city. The old "Eclipse Orchestra" a musical organization that was regarded as the best in Southern Kentucky, some "forty years ago." These gentlemen after much persuasion have consented to give two musical numbers on the program, and also sing one of their famous "shouting con songs" who of our older citizens do not remember that celebrated "Swing low chariot bound for to carry me home." The Treble Clef club will give two numbers, this modern musical club composed of the best musical talent of the city, their work is very thorough, and the music they give is the very best.

There will be two male quartettes, the old quartette selected from the of the Eclipse Orchestra, and the "Little quartette" made up of the following personnel; Messrs Harry Morgan, Keen, Will & Trice Waller. We will add that the vocalists in both quartettes are among the best and there is much good natured rivalry between the two, and we are to give a prize to the quartette who's music is best received. We will have two of the best readers to be found in this section. Mr. Guy Starling has promised one of his superb baritone solos.

There will be 12 numbers and then a grand finale in the shape of an old fiddlers contest. There will be about six to enter this contest, limited as to time to two minutes, and Mr. J. M. Starling will act referee. After this contest the fifty performers on the stage (count them) and the audience will sing "Auld Lang Syne." Other announcements will be made. Union Tabernacle Association.

THE ATHENAEUM.

Interesting Meeting and Two Good Papers Read.

The Athenaeum met at Hotel Latham Thursday night with eighteen members present.

The usual sumptuous dinner was served before the literary program was taken up.

Mr. Thos. W. Long read a thoughtful and very entertaining paper on "This one thing I do," which discussed singleness of purpose as exemplified by the Apostle Paul and others. Mr. J. T. Hanbery's carefully prepared address on "Aaron Burr" occupied one hour in its delivery, but held the wrapt attention of every member to the end. It was one of the best historical and biographical papers ever read before the Athenaeum.

An informal discussion followed the regular program.

An amendment to the constitution was adopted requiring vacancies to be filled from a waiting list of those invited to join by a vote of the society. Heretofore members have been required to make written application and then be voted upon.

The only vacancy in the membership was filled by the election of Mr. M. McL. Cowan. The program for next month will be Judge Joe McCarroll, Dr. R. F. McDaniel and one other member who has been passed in the regular order.
